Subject: Label Amendment – Addition of marketing claims against Zika virus and other minor changes  
Product Name: NATRAPEL 8 HOUR  
EPA Registration Number: 56575-15  
Application Date: 02/04/2016  
Decision Number: 513875

Dear Ms. Moyer:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

with FIFRA section 6. If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at [fertich.elizabeth@epa.gov](mailto:fertich.elizabeth@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read 'J. S.', with a stylized flourish at the end.

**PRECAUTIONARY STATEMENTS**

**CAUTION. Hazards to Humans:** Causes moderate eye irritation. Avoid contact with eyes. Wash hands thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or using the toilet.

**{Note: First Aid grid format used if market label space permits: otherwise a paragraph format will be used}**

**STORAGE & DISPOSAL**

**Pesticide Storage:** Store this product in a cool, dry (preferably locked) place, out of reach of children. Keep away from heat, sparks, and open flame.

**Container Disposal:** Do not puncture or incinerate! **If empty:** Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**PHYSICAL HAZARDS**

FLAMMABLE. Do not use or store near heat sources, sparks or open flame. Contents under pressure do not puncture or incinerate container. [{container specific} Exposure to temperature above 130°F may cause bursting.] Do not smoke while applying.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and follow all directions and precautions on [this product label]{or}[**all labels** and packaging {where size requires peel-back }]. [Remove protective cap.] Hold can 4 to 6 inches from skin while spraying, keeping nozzle pointed away from face. Slightly moisten skin or clothing with a slow sweeping motion. Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Do not spray directly on face. Do not apply near eyes and mouth. Spray on hands first, and then apply sparingly to face, neck and around ears, avoiding your eyes. Do not apply over cuts, wounds, or irritated skin, and do not apply to excessively sunburned skin. Do not apply to children's hands. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. Frequent reapplication or saturation is unnecessary. Avoid over-application of this product. Do not exceed more than 2 applications per day. After returning indoors, wash treated skin with soap and water [and double-check yourself and other family members for ticks.] Wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your Poison Control Center. If you go to a doctor, take this product with you.
